PROJECTS

01/10/2024 – 31/03/2025

Making a game

In 2025 I have participated in a national competition of who made the best game. The groups were made of 4 or 5 people and the deadline was six months. My team and I worked with the game engine Unity to make our 2D game.

That experience helped me develop strong teamwork, responsibility, and deadline management and we gained valuable experience in game design and development.
